

Workshop on Advanced Quantitative Tools & Techniques for Research 1st, 2nd and 3rd March 2019

Organised by
Dept. of Research (M. Phil & Ph. D) in Social Work,
Madras School of Social Work (Autonomous), Chennai-08

ABOUT US

Madras School of Social Work (MSSW), established in 1952 and celebrated diamond jubilee in the year 2012 located in Chennai, South India, is an Autonomous Institution, NAAC accredited and affiliated to University of Madras. Madras School of Social Work was founded by Mary Clubwala Jadhav under the auspices of Madras State Branch of the Indian Conference of Social Work (renamed the Indian Council of Social Welfare) and the Guild of Service (central). The institution has been in the forefront in providing contemporary education in Social Work, Management and Social Sciences. MSSW is a member of the International Association of Schools of Social Work. The college is well known for its progressive academic pursuit and active involvement in the field. The school is run under the aegis of the Society for Social Education and Research (SSER). The School is rated 3rd Best Social Work College in India and First in South India

ABOUT WORKSHOP

Research is getting the top most priority in higher education today. Educational Institutions, an abode of Knowledge is expected to conduct genuine and high-quality research which has an impact on the society. Teaching and research complement each other; they should be synthesized so as to bring in relevance to the academic activity in the institutions. Research is a vanguard in social work education and fresh knowledge and updated issues should be developed from time to time on management issues. Academic institutions are imbibing the 'research culture' and research activities as an evidence of intervention in the field. For undergoing high-quality research and writing good research papers, one requires collecting, interpret and logically document the information. The art of drawing coherent conclusions, supported by appropriate research tools and reference citation is vital for quality research work. The recent innovations in statistical applications, availability of statistical software's allow scholars/researchers to take a more complex test, multilevel and dynamic models.

OBJECTIVITES

- ◆ Create a platform to the academicians, researchers and research scholars to share the information on advanced methods.
- ◆ Develop understanding on right approach towards research design and methods.
- ◆ Develop knowledge on quantitative research method, Enhance the analytical skills, Achieve proficiency with software for analysing quantitative and qualitative data.
- ◆ Achieve proficiency in Research Software SPSS and Facilitate in thesis writing and publishing quality paper

PARTICIPANTS	PEDGOLOGY
<p>Researchers in Social Sciences, Faculty members, PhD and M.Phil. Research scholars and Post Doctoral research scholars are eligible to apply. The batch will have 50 participants registered on a first come basis.</p>	<ul style="list-style-type: none"> ◆ Interactive sessions with subject experts . ◆ Working with real cases and data ◆ Live demonstration and hands-on training

WORKSHOP INPUT

- ◆ Foundation of Research Methodology
- ◆ Identification of Research Gap
- ◆ Formulation of objectives based on reviews
- ◆ Formulation of Hypotheses
- ◆ Preparation of questionnaire / scale and Validation of questionnaire / scale
- ◆ Practical application of Data analysis using SPSS and Data interpretation
- ◆ Report writing based on data analysis
- ◆ Writing thesis chapters and Formatting thesis
- ◆ Preparation of Synopsis & Thesis
