

STUDENTS ENHANCEMENT PROGRAM(7.12.21)

EXTENSION ACTIVITY

STUDY CENTRE – MANAGALAPURAM

The Extension Activity volunteers of MSSW College from MSW aided department along with professor Dr. Amuthalakshmi planned to conduct a student enhancement program on 7th December 2021 to give some motivational speech to the students. The Uravugal trust team joined hands with the extension Team to provide stationaries for the students.

The Chief Guest for the program was Dr. Sivaranjani, Assistant Professor from HROD department. She has completed her MBA, MPhil and PhD on management. Worked on several colleges as an engineering professor and now currently working as an assistant professor in Madras School of Social Work, HROD department.

The program started around 5 pm. The program initially started with the blessings of almighty followed by the introduction of the Chief

Guest Dr. Sivaranjani by one of the student trainee. Which was then followed by introducing the Uravugal Trust team.

Uravugal trust team work for the upliftment of children and women in marginalized sections. For children they focus on the education providing scholarships and assist them in needs.

The session was then followed by the guest Lecture. Dr. Sivaranjani started to interact with the children. She started the speech in form of a story. She then explained the story with the pencil example.

She explained the students life in comparison with the pencil. Like how one has to shape their life. She also spoke about the tortoise and rabbit story and also said that one has to help each other based on their strengths and should not focus on the weakness of the others. The main concept of the story was "Together we can achieve more".

The session was very interactive and interesting. Then it was followed by the stationery distribution by the urvugal trust team.

The team was led by Mrs. Nandhini along with few volunteers. In total 35 school bags containing books, Exams pads, Pen, Pencil , Eraser, Sharpener, Geometry box, File, Mask and sanitizer were arranged prior to the program. The students were given instructions about the items in the bag and then it was distributed by the team to all students.

The students were very happy about it. By the end of the program students were provided with refreshments which were then followed by the vote of thanks by one of the student volunteer.
