He quoted that “once the stage was decorated by her and now the stage was being decorated for her”. By this line we can understand that he was very proud of the achievements that was done by her in her field of work.
- Ms. Poorani was invited to introduce her colleague Ms. Lavanya Grace.
- At 9:30 AM, the session was handed over to Ms. Poorani, she started off the session by explaining us the definition of children and she asked us the various problems in the society that was being done against children.
- She explained us about the Demographic Data, Child Literacy Rate, Child Marriage Rates, Sex Ratio, Violence against Children, Juvenile crime rates in Tamil Nadu versus the National Average. These details was shared by Ms. Poorani to understand the current scenario of violence against Children.
- It was found that, Teenage Pregnancies had risen from 4% to 6% and the rate of Crime up to 10.9%.

- We identified the various factors that led to violence against children such as Drug abuse, Destructive family, Lack of employment, Human trafficking etc.
- Ms. Poorani, told that negligence was also an important cause of why the children are undergoing a lot of violence.
- We learnt that Child Labor is a Non-Bailable offence. We also learnt that Child Marriage is a Non- Bailable offence everyone including the Husband, Parents, Relatives, Audience and whoever supported the marriage will be arrested.
- The Resource person shared a case study, about two sisters in Salem district. The sister's parents died in an accident, and they were put under the custody of their maternal uncle, due to poverty he was not able to provide for the children. As a result, they were sent to an NGO. Due to COVID, the NGO sent the children back to their uncle. As he was already struck by poverty, he decided to get the elder sibling married as he was unemployed and had 3 children himself. The same was planned for the younger sibling.
- The elder sibling contacted Child Protection service at the night of her marriage, and was rescued successfully. After which she was given the choice as to return to the family or to the NGO. She decided that she would like to stay with the NGO and continue her studies and the younger sibling was left with her family.
- According to the Child Welfare Committee, the first preference for the child's custody is given to the family as the child needs all the love and affection they deserve.
- **Caste and Religion** are two important factors which plays a key role in Child Marriage.
- We discussed the various other factors that led to Child Marriage, and the important factor was lack of Women Empowerment. Due to this, women are subjected to a lot of violence and abuse
- At 9:55 AM, we discussed about when the prohibition of Child Marriage in India was introduced and it was found to be 1929. We were all surprised that it's going to be a century and still we haven't been able to destroy the social evil. The main reason for it is the Caste and Religion that are imbibed in the minds of the citizens.
- We discussed the consequences of Child Marriage on the girl child which includes Early Pregnancy, Physical and Mental strain on the woman, Infant Mortality rate and financial instability in the family.
- Ms. Poorani also shared the, women helpline number which is **181**.
- When underage Girls & Boys are involved in child marriage they will be tried under PCMA (Protection of Child Marriage Act) and POCSO (Protection of Children from Sexual Offence).
- POCSO punishment includes minimum of 7 years in prison up to a lifetime. Every person who is involved in the act, even if they play a small role will be held accountable, it is a strictly implemented Act.

- Many of the question she presented was controversial .The ten members found it difficult to choose one side as they had different opinions. The 10 members represented the society. Each of the student was asked to explain as to why they chose the particular side they were in.
