

Artisan Collective

Artisan collective visit

Co-optex | September 12th, 2022

Place of Visit:

Company/Organization Name:	Artisan Collective
Place:	Co-optex Ground

Brief about the Program:

Artisan Collective Event 2022 in Chennai is an annual event that brings together artists from Chennai and across India for a celebration of art and culture. The event is held over three days and is designed to be a platform for local and national artists to showcase their art, discuss new trends and techniques, and network with other artists. The event also provides an opportunity for the public to view and purchase the artworks of participating artists.

The event is organized by the Chennai-based Artisan Collective (AC), a group of artists, curators, collectors, and other art enthusiasts who seek to promote local art and culture. The AC is dedicated to providing a platform for artists to share their work and to create an inclusive environment for artistic expression and collaboration. The event is held in April of each year and is sponsored by local businesses and organizations.

The event includes a variety of activities such as workshops, panel discussions, exhibitions, and performances. The workshops are designed to give artists the opportunity to learn new techniques, explore new mediums, and develop their art from a creative and technical perspective. The panel discussions provide an opportunity for artists to share their ideas and experiences, discuss current trends and topics, and engage in meaningful dialogue about art and culture. The exhibitions showcase the work of participating artists and provide the public with an opportunity to view and purchase artworks. Finally, the performances provide

an opportunity for artists to express themselves through music, dance, and other forms of performance art.

The event also includes a variety of social events that are designed to promote camaraderie and collaboration among the artists and provide a space for them to network and build new relationships. These events include music and dance performances, art competitions, and food tastings. There is also a marketplace that offers a variety of goods and services that are related to art, culture, and creativity. This marketplace is a great place for artists to find supplies, materials, and resources that they may not have access to elsewhere.

In addition to these activities, the event also provides an opportunity for the public to engage with art and culture. This includes a variety of interactive activities that are designed to encourage exploration and appreciation of art and culture. These activities include art tours, demonstrations, and hands-on activities that allow people to explore different mediums and techniques. The event also features a variety of vendors that offer a wide range of products related to art and culture.
