FIELD VISIT REPORT: BRITISH COUNCIL VISIT

Date: 10th March 2025

Time: 11:00 am - 1:30 pm

Participants: II BSc Psychology and II BSW students

Students were warmly welcomed and provided with refreshments. The British Council's fully digitalized library, equipped with RFID technology, was a notable highlight. This technology enables effortless book check-in and check-out, making it a remarkable feature. Students were impressed by the extensive collection of books, journals, and digital materials available within a comfortable learning environment. The British Council offers programs catering to all age groups, including IELTS coaching and business communication training. The British Council provides a wealth of resources and services for students interested in studying in the UK. The digitalized library and extensive collection of materials offer a unique learning experience. The programs available, such as IELTS coaching and business communication training, can benefit students in their academic and professional pursuits. The field visit to the British Council was an enriching experience for the BSc Psychology and BSW students. The visit achieved its objective of familiarizing students with the resources, services, and study opportunities available. We look forward to future collaborations with the British Council.
