

MADRAS SCHOOL OF SOCIAL WORK  
DEPARTMENT OF ENGLISH  
ENGLISH LITERARY CLUB  
PRESENTATION ON RUSSIAN CULTURE

Date: 24/09/2024

On account of European day of Languages, The English Literary club recently organized a captivating presentation by representatives from the Russian center of science & culture. They provided our students with insights into various aspects of Russian culture and educational programs as part of the "Window to Russia" project for second-year students.

Over 50 students enthusiastically discovered the opportunities for free higher education in Russia and participated in an engaging quiz to learn interesting facts about the country. The event was further enhanced by the active involvement of students, who eagerly took part in a trial Russian language lesson.

To ensure the event was both intellectually stimulating and enjoyable, refreshments were provided to all representatives, adding a touch of hospitality. The session concluded with overwhelmingly positive feedback from students, expressing how much they had enriched their knowledge about Russia.
